

MAYOR'S FOREWORD

MAYOR-Cllr. Hlungwani M.P

The Municipal Systems Act, 32 of 2000 requires all municipalities to develop 5 year Integrated Development plans and review them annually. Greater Giyani has developed the IDP within an approved IDP process plan and engaged in a consultation process to ensure that communities become part of the planning and decision making processes.

The Municipality engaged in a strategic planning session, where a SWOT analysis was established and strategic objectives were developed. The process was followed by the development of projects emanating from the needs and challenges identified in the strategic planning session and IDP public participation.

Chapter 6 of the MSA 32 of 2000 requires that all municipalities must develop a performance Management System that will monitor the implementation of the IDP. The Municipality has developed an annual operation plan that outlines the Service Delivery Implementation Plan (SDBIP). The SDBIP indicates Projects and programmes that are to be implemented per KPI within the IDP in the current financial year. The SDBIP only covers those projects and programmes that have budget and human resource capital support. Performance targets were set within the SDBIP and will be monitored on continuous bases and assessed on quarterly bases.

It is with great pride to highlight the effort taken by the municipality to ensure that the IDP and Budget processes are aligned; that the SDBIP is linked to the IDP and that public participation has been done as required by legislation.

We are confident that through the Integrated Development Plan the municipality will be in a position to deliver services in line with constitutional standards.
