- 1. Constitution**

The Risk Management Committee has been established by the Greater Ciyani Municipality to assist the Accounting Officer to fulfil his/her risk management and control responsibilities in accordance with the prescribed legislation and corporate governance principles.
- 2. Background**
 - 2.1 The Municipal Finance Management Act section 62 requires the Accounting officer to ensure that GM has and maintains effective, efficient and transparent systems of financial and risk management and internal control.
 - 2.2 The extension of the general responsibilities, in terms of section 79 of the MFMA, to all Top Management is a cornerstone in the institutionalization of risk management in the public service. It establishes responsibility for risk management at all levels of management, extending it beyond the roles of the Accounting Officer, the internal audit units or the Audit Committee in this regard.
 - 2.3 In terms of the King IV report Principle 8 on Committees of the Governing body state that the governing body should consider allocating the oversight of risk to a dedicated committee, or adding it to the responsibilities of another committee as is appropriate for the organisation. The committee should be appointed to assist an organisation in reviewing the risk management process and significant risk facing the organisation.
 - The Committee is responsible for ensuring that a systematic, documented assessment for the processes and outcomes surrounding the key risks is undertaken, at least annually, for the purpose of including a statement on risk management in the GM's annual report.
 - 2.4 It is on the above basis that GM, in its endeavour to reinforce its internal control system aligned with the best practice, found it imperative to establish a risk management committee which will coordinate and monitor the implementation of risk management as well as any queries that may be raised by the Council and its committees. It shall provide oversight role particularly to ensure greater accountability and provide sound quality responses.
