1. INTRODUCTION AND LEGISLATION

The SDBIP provides the vital link between the Mayor, Council (executive) and the Administration, and facilitates the process for holding management accountable for its performance. It is a management, implementation and monitoring tool that will assist the Mayor, Councilor, Municipal Manager, Senior Managers and community. A properly formulated SDBIP will ensure that appropriate information is circulated internally and externally for purpose of monitoring the execution of the budget, performance of senior management and achievement of the strategic objectives set by council. It enables the Municipal Manager to monitor the performance of Senior Managers; the Mayor to monitor the performance of the Municipal Manager; and the Ccommunity to monitor the performance of the Municipality.

The SDBIP should therefore determine (and be consistent with) the performance agreements between the Mayor and the Municipal Manager and the Municipal Manager and Senior Managers determined at the start of every financial year and approved by the Mayor. Section 53 of the Municipal Finance Management act (Act no 56 of 2003), states that the Mayor of a municipality must- take all reasonable steps to ensure that the municipality approves its annual budget before the start of the budget and that the municipality's service delivery and budget implementation plan is approved by the mayor within 28 days after the approval Of the budget.

Section 40 of the MSA states that a municipality must establish mechanisms to monitor and review its performance management system.

Section 54 (1)(c) of MFMA states that 54. (1) On receipt of a statement or report submitted by the accounting officer of the municipality in terms of section 71 or 72, the mayor must—

- (a) consider the statement or report;
- (b) check whether the municipality's approved budget is implemented in accordance with the service delivery and budget implementation plan;
- (c) consider and, if necessary, make any revisions to the service delivery and budget implementation plan, provided that revisions to the service delivery targets and performance indicators in the plan may only be made with the approval of the council following approval of an adjustments budget;
- (d) issue any appropriate instructions to the accounting officer to ensure—
- (i) that the budget is implemented in accordance with the service delivery and budget implementation plan; and
- (ii) that spending of funds and revenue collection proceed in accordance with the budget;
- (e) identify any financial problems facing the municipality, including any emerging or impending financial problems; and
- (f) in the case of a section 72 report, submit the report to the council by 31 January of each year.

In terms of MFMA Circular 13, the SDBIP is a layered plan, with the top layer of the plan dealing with consolidated service delivery targets and in-year deadlines, and linking such targets to top management. Once the top-layer targets are set, the top management is then expected to develop the next (lower) layer of detail of the SDBIP, by providing more detail on each output for which they are responsible for, and breaking up such outputs into smaller outputs and linking these to each middle-level and junior manager. Much of this lower layer detail will not be made public nor tabled in council – whilst the municipal manager has access to such lower layer detail of the SDBIP, it will largely only be the senior manager in charge who will be using such detail to hold middle-level and junior-level managers responsible for various components of the service delivery plan and targets of the municipality. Only the highest layer of information of the SDBIP will be made public or tabled in the council. Such high-level information should also include per ward information, particularly for key expenditure items on capital projects and service delivery – this will enable each ward councilor and ward committee to oversee service delivery in their ward.

Purpose

The following pages set out to document the 2016/17 Special Adjusted SDBIP of the Greater Giyani Municipality (GGM). Consonant with the Special Adjustment Budget prescribed in terms of s53 of the MFMA and section 40 of the MSA is drafted. The Special Adjusted SDBIP pertains to a wide range of evaluands inter alia: review of projects, objectives, indicators, activities, targets and to some extent PoE (Portfolio of Evidence).

General

The Original SDBIP had 124 Targets and 124 Indicators. During Budget Adjustment a total number of 10 targets were withdrawn due to budget constraint. 9 Targets withdrawn from KPA 3 and 1 Withdrawn from KPA 1.

The following pages document the 2016/17 Special Adjusted SDBIP of the Greater Giyani Municipality (GGM) with a total of about 114 Targets and 114 indicators. KPA 1 has 14 targets and, 14 indicators. KPA2 has 15 Targets and 15 indicators. KPA3 has 48 targets and 48 indicators. KPA 4 has 3targets and 3 indicators. KPA5 has 11 targets and 11 indicators. KPA6 has 29 targets and 29 indicators.

A general regard is given to narration of quantitative (especially where percentages are seemingly indispensable) targets. Where narration is not provided it is largely due to self-explanatory nature of the project i.e., a project which must be achieved 100% throughout the financial year. NA (Not applicable) suggests or indicates that the target for that specific quarter (period) is not applicable and thus the previous quarter target(s) stands. Projects are listed according to KPAs as the derivative of the IDP/Budget. The adjustments herein pertain to a wide range of evaluands inter alia: review of projects, objectives, indicators, activities, targets and to some extent PoE (Portfolio of Evidence

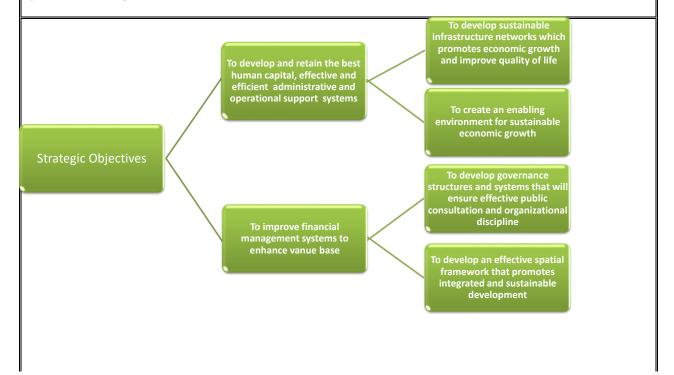

2. VISION, MISSION AND STRATEGIC MAP

VISION, MISSION AND STRATEGIC MAP

The Vision of Greater Giyani Municipality is: A Municipality where environmental sustainbility, tourism and agriculture thrive for economic growth.

The **Mission** of Greater Giyani Municipality is: Ademocratic accountable municipality that ensure the provision of services through sound environment management practices, local economic development and community participation.

Greater Giyani Muncipality has identified 6 Strategic Objectives which are contained in the Intergrated Development Plan. All municipal programmes will be aligned to the objectives outlined in the figure below:

3. GREATER GIYANI MUNICIPALITY DEPARTMENTS

Greater Giyani Municipality administration is composed of the following departments: 1. Office of the Municipal Manager, 2. Corporate Services, 3. Strategic Planning and LED, 4. Budget and Treasury, 5. Technical Services, 6. Community Services

5. Departmental :	Operational Vote	
Votes and	Votes	Objectives and Targets
Operational objectives	Municipal Manager	To lead, direct and manage a motivated and inspired Administration and account to the Greater Giyani Municipality
	Office	Council as Accounting Officer for long term Municipal
		sustainability to achieve a good creditor rating within the
		requirements of the relevant leg sislation and whereas the
		following sections within the department, i.e. Performance
		Management, Risk Management and Internal Auditing is managed for integration, efficient, economic and effective
		communication and service delivery.
	Finance	To secure sound and sustainable management of the
	T manee	financial affairs of Greater Giyani Municipality by managing
		the budget and treasury office and advising and if necessary
		assisting the accounting officer and other directors in their
		duties and delegate ion contained in the MFMA. Ensuring that
		the Greater Giyani Municipality is 100% financially viable
		when it comes to Cost Coverage and to manage the Grant Revenue of the municipality so that no grant funding is
		foregone
	Community	To co - ordinate Environmental Health Services, Libraries,
	Services	Safety and Security, Environmental and Waste management,
		Parks and Recreation as well as Disaster management to
		decrease community affected by disasters
	Technical	To ensure that the service delivery requirements for roads
	Services	are met and maintenance of water, sewerage and electricity
		are conducted for access to basic services as well as no less than an average of 100% MIG expenditure
		To direct the Greater Giyani Municipality's resources for
	Development	advanced economic development and investment growth
	& Planning	through appropriate town and infrastructure planning in order that an environment is created whereby all residents
		will have a sustainable income
	Corporate	To ensure efficient and effective operation of council
	Services	services, human resources and management, legal services,
		HIV/Aids, Youth, Disabled and Gender Desk Sports Arts and
		culture, Communication, Events and the provision of high
		quality customer orientated administrative systems.
		Ensuring 100% compliance to the Skills Development Plan

2. Total Capital Expenditure must reconcile to the Financial Position' budget and monthly budget statement

A. STATEMENT OF APPROVAL OF THE SDBIP BY THE MAYOR

Section 54 1© of Municipal Finance Management Act states that 54.(1) On receipt of a statement or receipt of a state submitted by the accounting officer of the municipal manager in terms of section 71 or 72, the mayor must-

- (a) Consider the statement or report;
- (b) Check whether the municipality's approved budget is implemented in accordance with the service delivery and
- (c) Consider and if necessary, make any revisions to the service delivery and budget implementation plan, provided targets and performance indicators in the plan may only be made with the approval of the council following approval or
- (d) Issue any appropriate instruction to the accounting officer to ensure-
- (i)That the budget is implemented in accordance with the service delivery and budget plan; and
- (ii) That spending of funds and revenue collection proceed in accordance with the budget;
- (e)Identify any financial problems facing the municipality, including any emerging or impending financial problems; and If the case of section 72 report, submit the report to the council by 31 January of each year

anager:

MATHEBULA PRECIOUS MKATEKO ACTING MUNICIPAL MANAGER

DATE: 28/04/2017

Approval by the Mayor
MATHEBULA SASAVONA

1. WARD INFORMATION FOR EXPENDITURE AND SERVICE DELIVERY
